PRESS RELEASE

Ocean Master Foods International Ltd. Commissions Clarence Mills, Haida Artist for Corporate Logo

Maple Ridge, BC - Ocean Master Foods International is pleased to present its new corporate logo. The new Lox Royale logo is a Haida design created by Clarence Mills who has created artwork in the tradition of his native people, the Haida, from the Queen Charlotte Islands. His work includes limited edition prints, wooden totem poles, glass totem poles, masks, plaques, silver jewelry and gold jewelry. Clarence feels the west coast native culture has a need to be shared with the people of the world. The powerful silence of the native art breathes a worthy breath, the voices of the culture remain today in the art. Sparked with the right energy it will move throughout the world allowing it to contribute to a larger awareness of British Columbia, it's people and history.
