Ocean Master Foods International Ltd. Invests \$1000,000 state of the art Upgrade to Processing Plant

Maple Ridge, BC - Ocean Master Foods International is pleased to announce the completion of a \$100,000 upgrade to its facilities in Maple Ridge, BC, Canada. Chris Mydske, General manager, commented that “this is part of our continuing effort to provide the finest quality products by combining top of the line technology with the highest standards of food production.”

The upgrade included a new larger capacity blast freezer, a new tempering freezer, expansion of the restricted entry area, installation of a second slicing line and conversion of the old blast freezer to a new holding freezer for finished products.
